

School Improvement Plan Summary

St Agnes School P-6

Goals	Targets	Challenge of Practice	Success Criteria
To increase student achievement in reading	2022: 90% of year 3 students (35/39) to achieve SEA in NAPLAN reading. 72% of year 3 students (28/39) to achieve HB in NAPLAN reading. 89% of year 5 students (25/28) to achieve SEA in NAPLAN reading. 71% of year 5 students (20/28) to achieve HB in NAPLAN reading.	If we develop expertise in explicitly teaching vocabulary and decoding skills then we will increase student achievement in reading.	We will see students (R-2) sounding out and blending words and building fluency and automaticity when reading aloud. We will see students (R-6) use a wider range of tier 2 words in oral language when they talk. We will see students use more tier 2 words in their writing (3-6) through work samples and explain meanings of words in context when we talk with them. We will see students articulate their next steps for their learning improvement in reading with recorded evidence.
	2023: 84% of year 3 students (32/38) to achieve SEA in NAPLAN reading. 61% of year 3 students (23/38) to achieve HB in NAPLAN reading. 88% of year 5 students (30/39) to achieve SEA in NAPLAN reading. 65% of year 5 students (22/39) to achieve HB in NAPLAN reading.		
	2024: 82% of year 5 students (32/39) to achieve SEA in NAPLAN reading. 58% of year 5 students (23/39) to achieve HB in NAPLAN reading.		
To increase student achievement in numeracy	2022: 87% of year 3 students (34/39) to achieve SEA in NAPLAN numeracy.	If we improve explicit teaching of number sense then we will increase student achievement in numeracy.	We will see students counting and representing numbers and patterns in number when recording mathematical notations

46% of year 3 students (27/39) to achieve HB in NAPLAN numeracy.
75% of year 5 students (21/28) to achieve SEA in NAPLAN numeracy.
64% of year 5 students (18/28) to achieve HB in NAPLAN numeracy.

2023:
82% of year 3 students (31/38) to achieve SEA in NAPLAN numeracy.
40% of year 3 students (15/38) to achieve HB in NAPLAN numeracy.
86% of year 5 students (29/34) to achieve SEA in NAPLAN numeracy.
26% of year 5 students (8/34) to achieve HB in NAPLAN numeracy.

2024:
61% of year 5 students (24/39) to achieve SEA in NAPLAN numeracy.
33% of year 5 students (13/39) to achieve HB in NAPLAN numeracy.

We will see students use the properties of numbers when problem solving
We will see students using and recording a range of strategies for computation when we talk with them
We will see students articulate their next steps for their learning improvement in mathematics
